

Dear Bookworm,

Can God really change our lives? After serving as a pastor for over a decade, Francis Schaeffer, founder of L'Abri Fellowship, found himself wrestling with deeply perplexing questions like this. He was tired of not seeing results in his own spiritual life and that of others. He found himself talking about Christianity, but not living it. So, as a pastor, he decided to “start at the beginning”—go back to agnosticism—and reexamine his Christian faith. “Did Christianity really make any difference in my life?” This book *True Spirituality* is the result of Schaeffer’s honest search for answers. When the book was published thirty years ago, it shook the Christian world. Today, it’s a classic book on understanding what *real* Christianity is all about—what it means to follow Jesus moment by moment.

No regrets,
